ONE TIME COMPLIMENTARY ASSESSMENT

HECTORPT offers complimentary Orthopedic/Athletic Physical Therapy Assessments to **ALL Capital Region Athletes.**

Stop by our office and take advantage of this unique offer!

Using **Biodex Technology** (see pictures) and years of clinical experience, our therapists will be able to assess muscle strength, range of motion, flexibility, balance and other clinical factors.

HECTORPT offers the same technology used by the most distinguished hospitals, universities, research facilities and the elite professional sports teams around the world!

See website for **OFFICE** locations!

HectorPT commitment is to help athletes of all levels achieve wellness. Let us know how we can help you address any concerns that might limit your ability to achieve wellness.

At **HECTORPT** you will receive individualized hands-on-care.

Our mission is to help athletes of all levels achieve maximum performance and wellness.

What is included in the Assessment?
Depending on your particular situation or goal the following might apply:

- Balance testing.
- Muscle testing.
- Gait and running analysis.
- Postural analysis.
- Education regarding injury prevention.
- Education regarding pre/post surgical rehabilitation or any medical topic(s) related to your individual concern.
- Recommendations regarding follow up care with your physician and more...

What type of services do we offer?

HECTORPT provides **comprehensive rehabilitation and injury prevention** programs for people of all ages. We also provide pain management, POOL therapy, manual therapy, orthopedic/neurological/ cardiovascular rehabilitation and more....

We are a progressive company on the cutting edge of rehabilitative and preventive medicine.
